

## Accuratus M2000 keyboard

Part Code: KYBAC-M2000HY

### About

The Accuratus M2000 forms part of a new breed of Ceratech low profile keyboards.

Using 'scissor' key cap technology, the M2000 is less than 30mm thick making it ideal for the style conscious user.

Finished in a combination of Chrome, Black and Silver, the M2000 simply oozes understated quality.

The M2000 not only looks good, but also incorporates 8 multimedia keys and a chrome 'joggle' button which fulfils a variety of functions according to the application in use.

The M2000's conservative yet fresh design will sit well in any office for many years to come.
